

Spin Doctor® HH500

SPIN DOCTOR LITE WITH SPIN DOCTOR MIGHT

Lightweight, cordless and easy to use, the Spin Doctor® HH500 delivers up to 500 ft. pounds of torque to tackle your fire hydrant and small valve inventory.

When you need a tool with which you can simply pickup and go, the Spin Doctor® HH500 is the tool for you.

- Fast operation
- No cords, hoses or wires
- Long life motor, gearbox and battery
- Lightweight - 23 lbs.
- Low Maintenance
- Fast Charging - 30-40 minutes

The Spin Doctor® HH500 is a convenient, easy to operate and totally portable tool for operating fire hydrants and water main valves.

The Spin Doctor® HH500 is designed to operate at a safe and constant speed utilizing a hand operated throttle control. With a rechargeable 18 volt Lithium Ion battery, you will have all the power you need to finish the job.

When teamed with Hurco's Fire Flow Pro® and Spin Doctor® boom valve exercisers, you have the perfect match for every valve and hydrant in your inventory.
